So far So Good...Yet Miles to Go....!

First of all, our heartiest New Year wishes to all the members and a "Welcome Back Home" to all the members who were not here in the city for the Celebrations!

For the uninitiated, the new year has already started with a bang for KSO (H) with the participation of our football teams in the Hyderabad Manipuri Football Tournament which was held on the 4th & 5th February 2012. The event saw a gathering of many of our members including the family members fighting hard in the hot sun to win the cup at the very first participation of KSO (H) in such an event. Although our Team-A lost in the semis and that too in a penalty shootout, the spirit of all the members who were present and the fight till the very last minute was something nobody would want to give a miss. Kudos to all our players (both Team-A & Team-B and especially our evergreen Pu. Ngampu Changsan who represented the family members in the B Team), our Manager & Advisor, Pu Paolien Misao and all the members who relentlessly supported & cheered our players during the two-day event.

Looking back, 2011 was indeed a year of great blessing for our student community here in Hyderabad and particularly for KSO (H). The various initiatives which were taken up during the past year were successfully completed and yielded spectacular results due to the enormous support which the Executive Team received from all the members. To mention a few - the *Website & AHSISOMLENG* were successfully launched, the *relationship building* with the various colleges and the initiative to help the new students who have come to the city was well appreciated and we were able to assist a good number of students - the number expected to increase exponentially going forward. But most important among them was the *Freshers' Meet cum KUT Celebration* which created a historic and memorable day for the student community here in Hyderabad. When we look back today, it gives immense pleasure to see how KSO (H) has grown over the past year and how we are better placed today to work together for the betterment of our society in general and particularly for our student community here in the city.

As the new year unfolds, it is our hope and aspiration that we would be able to scale even greater heights during the coming year. The executives during their first meeting on 15th January 2012 have also shortlisted a couple of activities which can be taken up during 2012. Some of the suggested activities include a *Sports Meet/ Recreation Day, continuation and more streamlining of the assistance to the new students in the admission process, assistance to students in the scholarship application process, a Freshers' Meet cum KUT Celebration*, etc. As none of these activities can fructify without the continued support of the members, we request all the members to share their opinions and suggestions so that we may be able to decide which of these activities we should take up and how we can successfully conduct these events during the coming year.

Also, we are currently undertaking an initiative to build a *Membership Database* and ID cards - the delivery of the first batch of ID cards has also begun. We request all members who have not yet registered to register themselves as this would be key to all the various initiatives we will be taking up going forward.

Lets us all join our hands together again during this coming year as we did during the past year and put our joint efforts together again in every possible way so that we can together, take KSO(H) to a completely new level of achievements during the coming year!

One behalf of the Executive Team

Francis O Haokip

Happy New Year 2012 to all !

It is a tradition for bringing a year to completion by reflecting on the year that passed. The year 2011 was a year like all the antecedent years, with ups and downs. The Kuki community in Hyderabad witnesses many celebrations and changes. Kut as a festival was celebrated and new members were welcomed into the fold of the community in Hyderabad both via the usual inter-state migration due to jobs and higher studies in varied fields with nursing gaining popularity over the others. We were also blessed with tiny-tot (new-born) members, many new cars and many successful graduates who completed the courses that they were admitted into.

A New Year provides us a special opportunity to make a shift with a hopeful note with all the positivity of the year that was or the hope for a better future: the year was good but this year can be better. In the Bible, we see that God choose certain person or group of people over the others to bestow His blessings. Now, why is this so? Is He not an impartial God? He chooses the Israelites over the others and Abraham was God’s favourite. God is an impartial God holds true. He chooses to bestow blessings on people and person who can be a blessing to others around them so that everyone can benefit by it. This could be a wise resolution for the New Year—to aim to be God’s favourite community.

I would like to end with a quotation from the writings of Agapi Stassipoulous—

May we embrace the opportunity of this New Year, recommit to ourselves and our visions, rekindle our enthusiasm, have the wisdom to let go of what no longer serves us and find the courage to claim our strengths. Let's fill our hearts with gratitude for the miracles of our lives. My prayer for this year is that not one ounce of our precious energy be wasted in anything less than the positivity of who we are, and how much good we can do and offer to the world. No matter how big the challenges, grace is always mightier.

Boinu Sitlhou

News From Back Home

- *Election News:* Nearly 82% voters exercised their franchise on Saturday, January 28, 2012 voting for the 60 assembly constituencies of Manipur Assembly. The heavy voting, however, was accompanied by violence despite deployment of around 350 companies of security personnel including 270 central Para military forces besides the state armed police. Though the Congress is widely tipped to be winning, the People Democratic Front – a five-party pre-poll alliance – could dent the ruling alliance’s chances. Congress despite being in alliance with CPI in the ruling Secular Progressive Front is contesting all the 60 seats. CPI is contesting on 24. Peoples Democratic Front comprising Manipur Peoples Party, NCP, CPI-M, Janata Dal (U) and RJD, contested 43 seats. Trinamool Congress has contested 47 seats on its own. The BJP fielded candidates in 19 seats and Manipur State Congress Party (MSCP) in 34. The game changer, however, could be debutant Nagaland People’s Front (NPF). There are 11 Naga-dominated constituencies in the four Naga dominated hill districts. They could be crucial in the 60-member assembly. NPF has fielded 11 Naga candidates and a Kuki candidate. Only counting day will finally decide whether the Congress would get the desired benefit of a divided Opposition.
- To further the cause of the demand for the implementation of Revised central 6th pay recommendations, the state government working under various sectors jointly announced their decision to abstain from voting for ‘anti-employees government’.
- Tripura thinglhang gam a World War II lai a US plane khellha mudoh a um. Lenna akhehlhah jou kum somsup le gup jouva kimudoh ahin aircraft minchu C-473 ahi.

- KSO(H) Executives had the first general meeting for 2012 on 15th January 2012 at Pu. Paolien Misao's residence (Income Tax Colony). The meeting took a review of the various activities conducted last year and laid out a Plan of Action for the new year. Details of the various activities will be announced as and when finalized while we still welcome any comments/suggestions in this regard.

The meeting also discussed the financial assistance to be provided to members who meet an unfortunate demise or are hospitalized while in the city. It was decided to provide such assistance only to members who have registered themselves (*Membership Database*) and the amount of financial assistance will be Rs.1000 and Rs.500 respectively. Although KSO (H) will assist any member of our student community in case any hospitalization or unfortunate demise, the financial assistance will be provided only to "registered members". The meeting also decided to assist the students in the Scholarship Application process starting this year. Hence, all members who are interested in availing the assistance can contact *Gl. Sanglien Singson* (Edu. Secy.) or *Gl. Guni Khongsai* (Info. Secy) directly.
